Dear valued Shareholders, Customers and Friends:

Evolve Bancorp, Inc. ("EBI") is pleased to announce strong financial results for the second quarter of 2021. Net income for the three months ended June 30, 2021, increased 32.5% to \$2.6 million from \$2.0 million for the same period in 2020. Diluted earnings per share for the second quarter of 2021 increased 31.6% to \$0.50 from \$0.38 for the second quarter of 2020. Tangible book value per share increased 14.3% to \$11.59 at June 30, 2021 from \$10.14 at December 31, 2020.

Net interest income for the second quarter of 2021 increased to \$5.7 million from \$5.4 million for the same period of 2020. Interest on loans was slightly higher while deposit expenses were down from lower customer CD rates. Noninterest income increased 11.5% to \$22.9 million for the three months ended June 30, 2021 from \$20.5 million for the same period in 2020. The increase was due primarily to continued growth in revenue from our Open Banking Division ("OBD" previously named Payment Processing Division) partially offset by a decrease in Mortgage Division noninterest income. The OBD noninterest income increased 121.6% in Q2 of 2021 compared to Q2 of 2020. The OBD processed 70.9 million ACH, debit/credit sponsorship, card issuance and wire transfer transactions during the three months ended June 30, 2021 compared to 28.8 million transactions for the same period in 2020, an increase of 146%. The Mortgage Division noninterest income decreased 19.9% in Q2 of 2021 compared to Q2 of 2020 due to an increase in interest rates. The Mortgage Division closed \$378.1 million mortgage loans in Q2 of 2021 compared to \$383.2 million for Q2 of 2020.

Total assets increased 2.9% to \$711.9 million at June 30, 2021 from \$691.6 million at December 31, 2020. The increase was primarily the result of an \$84.8 million increase in cash and cash equivalents and a \$28.1 million increase in portfolio loans offset by a \$69.3 million decrease in mortgage loans held for sale and a \$13.5 million decrease in SBA Payroll Protection Program loans. Total deposits decreased 4.3% to \$492.3 million at June 30, 2021 from \$514.3 million at December 31, 2020. Total equity increased to \$57.5 million at June 30, 2021 from \$50.5 million at December 31, 2020.

In addition, EBI issued \$21.0 million of subordinated notes in the second quarter of 2021. A portion of the net proceeds were used to retire \$5.08 million of EBI notes payable. The remaining proceeds will be available to be contributed to Evolve Bank & Trust as capital which will allow for additional funding of high performing assets to drive further earnings and growth.

Net income for the first six months of 2021 increased 141% to \$6.9 million from \$2.9 million for the same period in 2020. Diluted earnings per share for the first half of 2021 increased 136% to \$1.32 from \$0.56 for the first half of 2020. Net interest income grew 18.9% to \$12.0 million for the first half of 2021 from \$10.1 million for the first half of 2020. The increase in net income was due primarily to noninterest income which increased 46.6% for the first six months of 2021 compared to the same period in 2020. Noninterest income for the first half of 2021 was \$48.7 million compared to \$33.2 million for the same period in 2020. The primary drivers of the increase were strong mortgage demand in the first quarter of 2021 and exceptional fee income from the Open Banking Division in the second quarter of 2021. Mortgage loans closed for the first half of 2021 were \$911.8 million compared to \$557.9 million for the first half of 2020. The OBD processed 132.6 million ACH, debit/credit sponsorship, card issuance and wire transfer transactions during the first six months of 2021 compared to 61.3 million transactions for the same period in 2020, an increase of 117%.

Evolve Bank & Trust's Return on Average Assets was 1.99% for the six months ended June 30, 2021 compared to 1.05% for the same period in 2020. Return on Average Equity was 23.33% for the six months ended June 30, 2021 compared to 12.02% for the same period in 2020, and regulatory capital, (Tier 1 leverage ratio), at June 30, 2021 was 10.08%.

EVOLVE NEWS: NEW MASTERCARD PARTNERSHIP

In July, Evolve and <u>Mastercard</u> announced their partnership to pilot a solution aimed at simplifying the settlement of cryptocurrency card transactions via the use of a US dollar backed stablecoin. Mastercard and Evolve along with regulated blockchain infrastructure platforms have collaborated to test an enhancement to Mastercard's current card offerings for cryptocurrency exchanges and wallets.

This monumental step forward indicates the financial industry's committed adoption of digital currencies. Fiat backed stablecoins, unlike other cryptocurrencies such as Bitcoin, are backed on a 1:1 basis with US dollars, offering stability and speed.

Processing via stablecoin builds a significant bridge from the traditional fiat payment rails to the world of cryptocurrencies. By transitioning to settlement via stablecoins, a multitude of possibilities are created for other digital currency exchanges. <u>Read full news release here.</u>
